Glacier Star

Instructor: Kay Crandall, Certified Judy Niemeyer Instructor

We are proud to re-introduce this stunning quilt designed by Judy Niemeyer exclusively for only JN certified shops in North America. As you create this quilt, you will learn many of the basic techniques that she uses in her patterns, including Snowflake, Floating Geese, Lone Star, Feathered Star, New York Beauty and Circling Geese. You will also learn Judy's shortcuts for preparing the patterns and cutting fabric as well as her finishing techniques.

There will be kits available in our Quilter's Market bright colorway or we will be happy to help you choose your own fabrics for this beautiful quilt.

This seven-session series will cover one technique per session. Students will learn the technique for each section and have time to work on that section during class, plus ample time between classes to complete that section. The last class will show you how to finish the quilt and add an optional border.

Wednesdays Oct 19, Nov 16, Dec 14, Jan 11, Feb 1 & 29, March 28 • 1 pm -5 pm
\$125 for all seven sessions.

Strippers Club

At The Quilter's Market, we think quilting should be fun, and if you haven't been to Strippers Club yet, you're missing a LOT of fun!

Our most popular event, Stripper's Club is wild & crazy and best of all – FREE! During even numbered months, we feature a new quilt based on 2 ½" strips. Some are super easy and some are a little more challenging, but they're all a lot of fun and a great way to use those strips that have been accumulating in your scrap basket.

And actually, even though we call it a club, there are no dues and nothing to join. Just show up and receive a FREE pattern for that month's quilt and a short demo on how the

quilt is made. There's Show & Tell, some great door prizes and a lot of fun and laughter.

Each quilt goes on display a few days prior to the meeting. If you'd like a strip set to make a quilt just like ours, prepay BEFORE Strippers Club Saturday and save \$5 off the regular kit price!

Even Numbered Months: Saturdays October 15 & December 17 • 9:30 am or 11 am

BlockBusters IV: Gems & Jewels

Note: This series started in March 2011, but it's not too late to join in!

First Saturday of each month: Sept 3, Oct 1, Nov 5 & Dec 3 • 9:15 am, 9:45 am, 10:15 am or 10:45 am.

Eva's Ocean

You'll be sailin' through this project and end up with beautiful colors flowing on a calm sea. In this class we'll sort our fabrics twice to organize the colors in a way that is very easy to get fantastic results. With precut fabrics, Timeless Treasures will do much of the cutting for you - the quilt requires both a Tonga Treats 2 1/2" strip set and a matching Tonga Treats 10" square set. The sample quilt measures 60" x 72" with the borders.

In addition to a single Bali Pop (the sample uses the new Fall color "Cherry" although any will work), Three accent fabrics are used - Mary can help you select these during class to complement your color placement choices. Simplicity

Don't let the simplicity of this quilt design fool you - - there's plenty to be learned here! Susie designed this project to be a practical application of many of the little and big "things" she preaches about. This design is great for using some of the new large prints and directional fabrics that we love but don't always know what to do with and it only takes about a half yard of several fabrics plus a border and some sashing fabric to put this one together. With the holiday season just ahead this is a really fast project you could personalize for someone on your list.
